Safiyan International ECommerce System (SIES)

A full-stack, Daraz-style multi-vendor e-commerce marketplace built with ASP.NET Core Web API, Entity Framework Core (SQL Server), and React + Vite. Features real payment gateways (SSLCommerz & Stripe), a validated order pipeline, commission engine, PDF/Excel exports, and 3 role-based portals.

About This Portfolio

This portfolio documents the complete Safiyan International ECommerce System (SIES) — a production-ready, full-stack multi-vendor marketplace built entirely by Mohammed Jamir Uddin using ASP.NET Core Web API, Entity Framework Core, SQL Server on the backend, and React (Vite) on the frontend. All 87 screenshots presented here are taken from the live running system, demonstrating real features including payment gateway integration, a validated order lifecycle, commission settlement, and PDF/Excel reporting.

Layer	Technologies & Tools
Backend	ASP.NET Core Web API (.NET 8) · Entity Framework Core · SQL Server
Payments	SSLCommerz (session + IPN validation) · Stripe (PaymentIntent + HMAC webhook) · Cash on Delivery
Multi-Vendor	Per-vendor commission override · Automatic earning & payable-balance settlement
Frontend	React 18 · Vite · Context API (Auth / Cart / Wishlist) · Axios
Reports	PDF export · Excel export · Admin-level per-module download
Media	Unsplash API auto-fetch for categories & products
Auth & Roles	JWT Bearer · Role-Based Access Control (Admin / Vendor / Customer)
Tools	Coupon engine (date-range, usage-limit, min-order) · RESTful API Design

HIGHLIGHTS

Daraz-Style Commission Engine

Per-item commission from vendor override or category rate, auto-settled to vendor payable balance on delivery.

Real Payment Gateways

SSLCommerz and Stripe wired end-to-end with signature/IPN-verified webhooks, not placeholder integrations.

Validated Order Lifecycle

Enforced status transitions plus automatic stock restore on order cancellation or return.

Coupon & Discount Engine

Active/date-range/usage-limit and minimum-order validation with capped percentage discounts.

Other Full-Stack Systems Built

Project	Location	Description
Sinan International University ERP	Chandagaon, Chattogram	Full-stack university-style ERP — academics, admissions, HR, accounts, WebAuthn/FIDO2 biometric attendance across 7 role-based portals.
Safiyan International Hospital System	Chandagaon, Chattogram	Multi-role hospital platform — patients, doctors, appointments, admissions, pharmacy, radiology, and billing across 5 dashboards.
Inventory Management Software	Chattogram, Bangladesh	Complete stock control with multi-warehouse support, purchase orders, sales, and low-stock alerts.
Hotel Management Software	Chattogram, Bangladesh	Room booking, housekeeping, guest check-in/out, billing, and reporting system.
Accounts Software	Chattogram, Bangladesh	Double-entry bookkeeping, ledger, trial balance, P&L, and balance sheet reporting.
Diagnostic Software	Chattogram, Bangladesh	Lab test management, patient reports, doctor referrals, and billing for diagnostic centers.
Ainan International Auto Parts System	Chattogram, Bangladesh	POS and multi-warehouse ERP for auto-parts trading — double-entry bookkeeping and BI reporting.
BDStockInsight	Chattogram, Bangladesh	Stock-market insight app — one shared ASP.NET Core API powering a React web app and a React

The image shows a login form for the SSLCOMMERZ portal. It features a dark blue background with rounded corners. At the top, there is a logo consisting of a blue square with a white 'S' inside, followed by the text 'SSLCOMMERZ' in white. Below the logo, the title 'SSLCOMMERZ Portal Login' is displayed in white. The form includes two input fields: 'Username' and 'Password'. The 'Username' field contains the text 'jamir_sies'. The 'Password' field is masked with dots. A large blue button with the text 'Sign In' in white is positioned below the password field.

The screenshot shows a login interface for the SIES (Safiyan International ECommerce System). At the top left is the SIES logo, which consists of a stylized bird icon in a teal circle. To the right of the logo, the text "Welcome back" is displayed in a large, bold, blue font, and "Safiyan International ECommerce System" is written in a smaller, grey font below it. Below the header, there are three colored buttons: a pink button labeled "Admin" with "Full management" below it, a yellow button labeled "Vendor" with "Store management" below it, and a light blue button labeled "Customer" with "Shopping access" below it. Below these buttons are two white input fields. The first input field contains the email address "vendor@sies.local". The second input field contains a series of 12 black dots, representing a masked password. Below the input fields is a large, rounded rectangular button with a blue-to-green gradient, labeled "Sign in as Vendor". At the bottom of the screen, a line of small grey text reads: "Development demo credentials are filled automatically by role selection."
