Project Overview

A production-grade, enterprise-scale ERP built end-to-end by a single full-stack developer.

The International University Management System is a full-stack Enterprise Resource Planning (ERP) solution designed to run the complete day-to-day and long-term operations of a higher-education institution. It brings academics, admissions, examinations, human resources, accounting, procurement, biometric attendance, and institutional communication together in one secure, role-aware platform.

The system is architected around seven distinct role-based portals — Admin, Director, Accountant, Receptionist, Teacher, Student, and general User — each with its own dashboard, navigation, and permission set, backed by JWT authentication and optional biometric (WebAuthn/FIDO2) login for extra security on sensitive accounts.

Every financial and academic module includes print-ready and exportable reporting (PDF and Excel), built for real institutional workflows: fee collection, payroll, double-entry accounting, exam results with automated GPA/CGPA, and audited administrative activity logs.

The entire platform — backend API, database schema, and frontend application — was designed and developed independently, end to end, as a demonstration of enterprise-level full-stack engineering capability for international freelance and employment opportunities.

Technology Stack	
Backend	ASP.NET Core Web API (.NET 8), Entity Framework Core, SQL Server
Authentication	JWT Bearer, WebAuthn / FIDO2 (biometric login), BCrypt password hashing
API Documentation	Swashbuckle (Swagger / OpenAPI)
Frontend	React 18, Vite, React Router
Data & Charts	Recharts, React Big Calendar
Reports / Export	jsPDF, ExcelJS, XLSX
Other Tools	Axios, date-fns, JWT Decode

Core Capabilities	
Access Control	Role & permission management, activity/audit logs
Academics	Programs, curriculum, courses, scheduling, examinations, results
Finance	Fee management, double-entry accounting, payroll, procurement
Attendance	Biometric device sync, staff & student attendance
Communication	Announcements, calendar, bulk email/SMS
Reporting	PDF & Excel export across every module

Other International Software Solutions

Beyond the University ERP, the same full-stack architecture and AI-assisted development workflow has been applied to build a range of production-style management systems, demonstrating versatility across industry domains.

Pharmacy Inventory / Stock Management

Medicine stock tracking, batch & expiry management, purchase/sales, and low-stock alerts.

Hospital Management System

Patient records, appointments, billing, and department/staff administration for healthcare facilities.

HR & Payroll Management System

Employee records, salary structures, payroll runs, tax/deductions, and payslip generation.

Appointment Booking System

Real-time slot booking, calendar management, and automated confirmation/reminder notifications.

Transport Management System

Fleet, route, and driver management with scheduling, tracking, and fare/billing records.

School / College Management System

Admissions, attendance, examinations, and result processing for K-12 and college institutions.

Employee Attendance & Leave Management

Biometric/manual attendance capture, leave requests, approval workflows, and reporting.

Hotel Booking & Management System

Room inventory, reservations, check-in/out, billing, and occupancy reporting.

Core Technology Stack

- ASP.NET Core (.NET 8)
- Entity Framework Core
- SQL Server
- React 18 / Vite
- JWT & WebAuthn/FIDO2
- RESTful API
- Role-Based Access Control
- PDF/Excel Reporting
- Swagger/OpenAPI
- AI-Assisted Development

Open to: Freelance contracts and full-time roles building full-stack enterprise applications, ERP/management systems, and secure, scalable web platforms.

STUDENT	TYPE	SUBJECT	DESCRIPTION	DATE	ACTION
Emily Chen (J01251)	Course Change	Request for Course Change – Dropping PHY-401 and Adding PHY-405	I am a student of the Department of Physics and I am writing to formally request a course change for the current semester. I would like to drop the course PHY-401 (Quantum Mechanics I) and add PHY-405 (Nuclear and Particle Physics) in its place. The reason for this change is a scheduling conflict with another required course that I must complete this semester. PHY-405 fits my timetable better and also aligns with my academic and research interests in nuclear physics. I have discussed this matter with my academic advisor and received informal approval. I kindly request the department to officially process this course change at the earliest convenience. Thank you for your understanding and support.	8/28/2026	👍 Approve 👎 Reject
Sinan Uddin Ahmed (STU-2026-7878)	Transcript	Request for Official Academic Transcript – Department of Physics	I am a student of the Department of Physics and I am writing to request an official academic transcript of my undergraduate studies. I require this transcript for the purpose of applying for a graduate program at a foreign university. I kindly request the university to provide an official sealed and signed transcript at your earliest convenience. Thank you for your time and assistance.	8/28/2026	👍 Approve 👎 Reject
Faten Mostafa (STU-2026-2687)	ID Card	Request for Student ID Card Reissue – Department of Chemistry	I am a student of the Department of Chemistry and I am writing to request a reissue of my student ID card. Unfortunately, my original ID card was lost/damaged and I am unable to use it. I kindly request the university authority to reissue my student ID card as soon as possible. I am ready to submit any required documents or pay the applicable fee for the reissue. Thank you for your assistance.	8/28/2026	👍 Approve 👎 Reject
Jalila Mohamed (STU-2026-5185)	Certificate	Request for Course Completion Certificate – BSc in Physics	I am a student of the Department of Physics and I am writing to request a course completion certificate for my Bachelor of Science degree in Physics. I am hereby requesting the university to issue a certificate of completion for my graduation. This certificate is required for my graduate school application at a foreign university. I would be grateful if you could issue the certificate at your earliest convenience. Thank you for your kind consideration.	8/28/2026	👍 Approve 👎 Reject
Zainyid Uddin Ahmed (J01252)	Certificate	Request for Course Completion Certificate – BSc in Computer Science & Engineering	I am a student of the Department of Computer Science & Engineering and I am writing to request a course completion certificate for my Bachelor of Science degree. I have completed all the required courses and credit hours for my Bachelor of Science degree. I am hereby requesting the university to issue a certificate of completion for my graduation. This certificate is urgently needed for my job application at a reputed software company. I kindly request the university to issue the certificate at the earliest possible time. Thank you for your kind consideration.	8/28/2026	👍 Approve 👎 Reject

Shah Gopal Yousif (STU-2026-515)	Leave	Request for Department Transfer - From Physics to Applied Physics	I am a currently enrolled student of the Department of Physics. I am writing to formally request a transfer to the Department of Applied Physics for the upcoming semester. My primary reason for this transfer is my strong academic interest in practical and applied aspects of physics, including electronics, instrumentation, and computational methods. I believe the Applied Physics program aligns more closely with my career goals and research interests. I have maintained a satisfactory academic record and I am confident that I will be able to adapt to the new department's curriculum without difficulty. I kindly request the concerned authority to consider my application and approve the transfer at the earliest. Thank you for your time and consideration.	8/28/2026	Approve Reject
