Invoice lists with paid/partial/due status. Purchase orders with supplier selection, line items and automatic stock intake on confirmation.

The screenshot shows the 'Sales Invoices & Billing' interface. At the top, there's a search bar and a user profile for 'System Administrator'. Below the header, there's a sub-header 'Sales Invoices & Billing' with a description 'Browse, inspect, view, and report sales invoices'. A search bar is present with the placeholder 'Search by Invoice # or Customer...'. The main content is a table with columns: INVOICE #, CUSTOMER, DATE, TOTAL AMOUNT, PAID, DUE, STATUS, and ACTIONS. The table contains 3 rows of data:

INVOICE #	CUSTOMER	DATE	TOTAL AMOUNT	PAID	DUE	STATUS	ACTIONS
INV-20260901-1021	Apex Auto Garage	31/06/2026	642547.18,500	642547.18,300	642547.0	Paid	[Icons]

At the bottom, there's a footer with 'Anan International Auto Parts System', a version number 'v1.0.0', and a copyright notice '© 2026 AMPS - All rights reserved'.

Sales Invoices list · 3 invoices, paid/partial status

This screenshot shows an alternate view of the 'Sales Invoices & Billing' interface. It features the same search bar and user profile as the first screenshot. The table below shows the same 3 invoices, but with a different layout for the 'PAID' and 'DUE' columns, and a different 'STATUS' column. The 'PAID' column shows the amount paid, and the 'DUE' column shows the amount due. The 'STATUS' column shows the status of the invoice (Paid, Partial, Due).

INVOICE #	CUSTOMER	DATE	TOTAL AMOUNT	PAID	DUE	STATUS	ACTIONS
INV-20260901-1021	Apex Auto Garage	31/06/2026	642547.18,500	642547.18,300	642547.0	Paid	[Icons]

Let's Build Your Next System

Available for full-stack ERP, POS & business software projects.

Ainan International Auto Parts System was built end-to-end — database design, backend API, business logic and frontend — as a demonstration of production-ready, full-stack ERP development using ASP.NET Core and React. I'm available to build similar inventory, POS, accounting or business-management systems tailored to your workflow.
